APPEAL TO LAW.

WASHINGTON, Feb. 26.—The Southern Railway Company, having failed in its efforts to reach an agreement with its employees in the matter of a reduction of wages, has called upon the Interstate Commerce Commission and the Bureau of Labor to mediate under the Erdman act.

SOLD FORGED GOLDFIELD STOCK

GOLDFIELD, Feb. 26.—Goldfield mining men will prosecute Wm. Stewart, alias Big Bill, alias Colonel Judson, an alleged notorious swindler arrested in Cincinnati, charged with disposing of \$20,000 worth of bogus stock of the Red Top Gold Mining Company, a corporation which for years had its headquarters in Denver, but which has recently been absorbed by the Goldfield Consolidated Mining Company. It is charged that Stewart was engaged with John R. Walsh in many of his peculiar financial deals.

The stock sold by Stewart is alleged to have been forged in New York, and the \$20,000 worth sold in Cincinnati is alleged to be only a part of a great bulk of stock which has been turned out by the New York accomplices of Stewart. That other arrests are to be made in the case in various parts of the country was reported on good authority.

THREE GOLD BARS IN THIRTY DAYS

A gold bar containing 74.192 ounces of gold and 13 ounces of silver, worth \$1,541, is the evidence just received by the management of the Wheeler Gold Mines company that its property is on a paying basis. One gold bar of that size would not necessarily prove it, but as this is the third one of approximately the same size turned out in thirty days, the evidence is becoming sufficiently cumulative, as the lawyers would say, to cause Wheeler shareholders to speculate upon the probable size of the forthcoming dividends.

Without making any fuss about it, the Wheeler gold mine has in the last year or so developed into one of the prettiest propositions of its kind in Nevada. The mine is not far from Yerington, and the stock of the company is closely held by Salt Lake owners. With a fair surface showing in two parallel veins, they pounded away for nearly a year in ore of milling grade. Then they ran into a shoot of high-grade, which is opening up well both above and below the tunnel level. A mill of twenty-five tons a day capacity was built, the high-grade and low grade are dumped into it as they come, making a product of daily averages of which run all the way from \$20 to \$70 a ton, and the result is a gold bar every ten days that pleases the owners and helps relieve the general financial stringency.

Present indications are that it will be a long-lived proposition with a constantly increasing output. One of the next improvements to be added is a cyanide plant to treat the tailings from the mill. Under the present arrangement about 80 per cent of the values in the ore are saved, 70 per cent being taken out by amalgamation and 10 per cent by concentration. The crushed rock passes from the plates to the Wilfley table, which produces concentrates running better than \$300 a ton. The tailings are being saved, as a matter of course, and the cyanide plant will remove the 20 per cent of total values which they contain.

APPOINT RECEIVER.

(By Associated Press.)

FORT WORTH, Tex., Feb. 26.—An application was made on behalf of the Metropolitan Trust Company of New York before Judge Meek of the Federal Court for the Northern district this afternoon, alleging default of interest on bond issue of 1892, and R. J. Freeman of New Orleans was named as receiver for the International and Great Northern railroad.

BANKER ARRESTED.

MARSHALLTOWN, Iowa, Feb. 26.—Dr. Stuart B. MacDiarmid of Omaha, president of the Green Mountain Savings Bank, was arrested tonight on a charge of fraudulently conducting a savings bank. The charge was preferred by State Bank Examiner Leland Windsor.

SHOOTS IN SELF DEFENSE.

BOISE, Idaho, Feb. 26.—W. C. Whitney, a prominent citizen of Boise, was shot and killed today by J. N. McGreevy on the latter's ranch near Fayette. McGreevy went to Fayette after the shooting and gave himself up. He was placed in jail. McGreevy claims he did the shooting in self defense.

STOCK TRADERS ARE DISGUSTED

(By Associated Press.)

NEW YORK, Feb. 26.—The stagnant condition into which the stock market fell today leaves it a sterile field from which to draw any lesson bearing on general affairs, except as inferences may be deduced negatively. The inference was fully justified, for instance, that the speculative initiative has died out of the market. No one is willing to express faith in future events through the medium of commitments in the market. Irresolution and apprehension is implied by this abstention. The neglected condition of the market was unrelieved after an abstract of the President's message was printed. The usually active first hour of the market furnished less than 100,000 shares for transfer. At the noon hour it fell to a quarter of that. Professional room-traders themselves gave up, in disgust, their efforts to scalp a small fraction of profit out of the sluggish price movement. Bonds were heavy.

WARRANT ISSUED FOR PAUL ROY

(By Associated Press.)

PORTSMOUTH, N. H., Feb. 26.—A warrant for the arrest of Paul E. Roy, on the charge that he murdered his brother-in-law, George A. Carkins, at Newington, January 24, was sworn out tonight by Sheriff Collis of Rockingham county. Although Roy is in France, and is said to be a citizen of that country, the authorities are determined to get him back if possible. The warrant charging murder was made out in triplicate, one copy to be kept here and two to be sent to the State capital and forwarded thence to the Department of Justice at Washington, which is expected to communicate with the French authorities.

LUMBER COMES FOR SPHINX MILL

The first of the lumber for the Sphinx mill arrived during the early part of the week and no time was lost in getting it into place. It can be put up just as fast as it arrives owing to the fact that the timbers are all framed and marked, and simply have to be set together.

The mill is already beginning to take shape and now that the roads are getting well broken it is hoped that the remainder of the building material which is in Austin will come through without undue delay.—Round Mountain Nugget.

FIFTY BATTLESHIPS.

SAN FRANCISCO, Feb. 26.—From present indications it is estimated that there will be about fifty United States warships of the various classes assembled in the San Francisco Bay with the arrival of Rear Admiral Evans' fleet early in May.

DEATH OF FORMER PRESIDENT.

(By Associated Press.)

TEGUCIGALPA, Honduras, Feb. 26.—News of the death abroad of Marco Soto, president of Honduras from 1876 to 1883, has been received here. President Davilla has ordered religious and other services in memory of the dead statesman.
